

## BEDRIDDEN WITH RHEUMATISM

Felt That He Would Never Walk Again  
"FRUIT-A-TIVES" Brought Relief.

MR. LORENZO LEDUC

3 Ottawa St., Hull, P.Q.  
"Fruit-a-tives" is certainly a wonder. For a year, I suffered with Rheumatism; being forced to stay in bed for five months. I tried all kinds of medicine but without getting better; and thought I would never be able to walk again.

"One day while lying in bed, I read about 'Fruit-a-tives' the great fruit medicine; and it seemed just what I needed, so I decided to try it.

The first box helped me, and I took the tablets regularly until every trace of the Rheumatism left me.

I have every confidence in 'Fruit-a-tives' and strongly recommend them to every sufferer from Rheumatism".

## SKEENA CITY MILL CLOSES FOR WINTER

Have Made Large Shipments of Spruce This Summer and Have Stock of Lumber on Hand Yet.

MILL HAS CAPACITY OF 60,000 FEET PER DAY

Yesterday F. S. Stevens, manager of the Skeena City mill, and H. I. Clegg, also of the mill staff, were in the city on their way south for Vancouver, where they will spend the winter. At Skeena City, although only 35 miles from Prince Rupert, there is at present some two feet of snow, which has interfered greatly with the operations. There has also been a large quantity of ice in the river, which has hampered the movement of the booms of logs. Owing to its proximity to the coast the fallen snow does not remain dry, and will not pack. Operating in two feet of wet slush is not profitable from any point of view.

This mill belongs to the National Spruce Co., Ltd., with which F. L. Buckley is connected. It has been sawing logs brought across from the Queen Charlotte Islands. There is a booming ground at the mouth of the Skeena river, to which the rafts brought across the sound were taken and the booms were towed up the Skeena to the mill as required. With a 60,000 feet capacity the mill has been busily engaged all summer and has made large shipments of aeroplane spruce east. There is still a considerable stock of lumber on hand which will be ready for shipment east, when the milling operations are resumed next spring. While it is possible that there will still be a demand for spruce for aeroplane construction in the future, on reopening in a few months' time, chief attention will be paid to the manufacture of other kinds of merchantable lumber.

## REG'AR FELLERS

## THE MANY LIENS ON THE DOLLY VARDEN RLY.

Yesterday afternoon before his honor Judge Young in chambers, L. W. Patmore appeared for the Taylor Engineering Company, Ltd., which company had the contract for the construction of the Dolly Varden railway up the valley of the Kitsault river from tidewater at Alice Arm. His request was for the consolidation of all the liens taken against the railway undertaking for wages and material supplied. There are a great number of these liens and the motion was for them to be dealt with as one, the circumstances of all being similar. An adjournment was made until tomorrow. W. E. Williams is counsel for the plaintiffs.
