and Zam-Buk will soon take the pain out of a scald or burn.

Mrs. Albert Smart of 279 Harrison Ave., Winnipeg, writes: "I upset a pan of boiling water over my arm and foot. As I was wearing slippers my foot was badly scalded. The pain was intense and almost immediately a huge blister formed, covering the top of my foot."

"My husband got some Zam-Buk and applied it at once. The relief was really wonderful. Very soon the burning pain was ended and the inflammation drawn out, and continued applications completely healed the scald."

Zam-Buk is also best for eczema, ulcers, bad legs, blood-poisoning and piles. All dealers, 50c. box.

LOCKUP NEEDED

Ald. Kirkpatrick Again Brings
Need to Attention of City Council.

The need of a new lockup for women was emphasized last night at the meeting of the City Council when Alderman Kirkpatrick again drew attention to the fact that a woman had been locked up in the same building with men.

Alderman Perry explained that an Indian woman who had come before him had been let off with a fine because there was no place to keep her if she was given a prison sentence. As it was she had been locked up for 48 hours.

The mayor promised to write the provincial government at once with a view to securing the use of the old provincial lockup for the purpose.

* IN THE LETTER BOX *

MEDICAL AUTOCRACY

The injustice, cruelty and complete absence of the first principles of honor, to say nothing of the lack of loyalty recently exhibited by the medical examining board of our province, is such that it calls for a vigorous protest on the part of all fair-minded citizens for the elimination of this instrument of oppression. This can be done if sufficient pressure can be brought to bear upon the powers that be at the next session of the provincial legislature.

A Glaring Example.

Let me give you but one instance of the outrageous injustice of this legally constituted board of autocratic medical practitioners. Dr. —, a graduate of the University of Manitoba of seven years' standing, who also passed the qualifying examination to practice in the province of Saskatchewan, left his practice and went to the front in his country's service. He spent nearly two years in active service doing excellent work in France. Upon his return he wished to live in our province and appeared before the provincial medical examining board.

This august body comprised some of less age and experience than the candidate, others not any better qualified and yet others not any better qualified who have never been in khaki, declared this man unfit for the practice of his profession in this province, when he is eligible for registration in Great Britain.

Direct Insult.

Ye Gods! Was ever the "protection of the public" cry carried to a greater extent in absurdity? Was ever a greater insult given to the faculty of Manitoba University and the examining board of a sister province? Was ever a more direct insult given to the returned soldier or a greater farce played under the guise of examination test of efficiency?

These very men who set themselves up to test others, set themselves in opposition to a system that would test them every five years, if they continued to hold any worthy rank in the medical profession.

Coupled with this glaring instance of injustice we may note the fact that one more medical man has been prevented coming to the province while the Victoria Medical Society has given notice of increase of fees.

How long is the public willing to submit to such a condition that has been but inadequately hinted at in this letter.
