WHY MANY STILL DESIRE WHISKEY

Poisoned by Clogged Filter, They Seek Something to Brace Up System and Make Them Feel Better.

The majority of people desire whiskey because they don't feel well. Some may look healthy, but one vital organ of their bodies is out of order.

This organ is the liver, the body's filter! When it is out of order you often wake up feeling dull and tired, tongue coated, bad taste in your mouth, sallow complexion and unpleasant breath. You are bothered with such symptoms as poor digestion, no appetite, sour stomach and gas, irregular movement of the bowels and that run-down, tired out, nervous and upset condition! Often you have splitting headaches, catch cold easily and your system is too run-down to throw off the cold.

Better than whiskey. Take just a spoonful of Dr. Thacher's Liver & Blood Syrup after the next few meals. Notice the quick difference in the way you look, eat, sleep and feel. Let this wholesome prescription cleanse and tone your liver, put your stomach and system in condition and keep you feeling fine. It is pleasant to take and you will be completely satisfied; otherwise druggists are authorized to return the small cost. Dr. Thacher's Liver & Blood Syrup is sold and recommended by Ornes Ltd., Cor. 3rd Ave. and 6th St., Prince Rupert, B.C., and by leading druggists in every city and town.
