SEED PRODUCTION IMPORTANT BRANCH.

Seed production in Canada is rapidly becoming an important had to be provided out of general man Brown, in conclusion, asked for and profitable industry states Honourable Mr. Motherwell, Minis- revenue. It had been also found that further support and assured his hearers ter of Agriculture, in his latest report. The inherent qualities of no provision had been made for a road that he would do the best possible in winter hardiness and vigor of growth possessed by Canadian grown to the elevator and this was built at a the interests of the city. seeds has brought a great demand for them in foreign markets. The cost to the city of \$1,085,00. These Ex-Alderman Montgomery had the thorough system of grading, strictly enforced by the Dominion Seed three items amounted to a little more audience in happy mood as he explain-Branch, has given foreign and domestic buyers complete confidence than the deficit. in our seeds.

Canada produces an exportable surplus in high class seeds of cereals, forage crops and vegetables. The production of these seeds carry on through the past year includ- the day in which it had asked for the is continually increasing and they are supplanting imported stocks on our home markets. Especially great progress has been made in been carried out on the advice of the acclamation. It seemed to the sepaker the production of seed of alfalfa, malting barley, and browntop or Inspector of Municipalities who had that the city needed to formulate a Rhode Island bent grass. Our alfalfa crop increased from 238,000 been advising the city against heavy policy to go ahead with at the present acres in 1920 to 859,000 acres in 1926, and this remarkable increase expenditures for the past three or four time, so as to have more power in has been brought about largely by the development of our own seed years. The speaker then referred to order to attract industries. Going back supply from varieties which can withstand our severe winters. In the favorable showing made by the city to former years, the speaker referred Northern Ontario special attention is being given to the growing of utilities for the past year, both light to the financial condition of the city barley seed, as malting barley of high quality, which finds a ready and telephone having shown a surplus, when it decided to undertake the demarket, can be produced in that region. In British Columbia one district alone gave a yield of 70,000 pounds of timothy seed and 6,-000 pounds of meadow fescue of the finest quality. Many other ex- for the people to decide as to whether important that the city obtain power by amples of our progress in seed growing might be cited, all showing the great possibilities the future holds for this industry.

FOX RANCHING IS GROWING INDUSTRY.

It is quite possible that the great majority of people in Canada not a good thing. He quoted figures without getting a good bargain it who, from time to time, read about the silver fox rarely give that in support of his contention that the would be foolish. I am not such a animal a second thought, and, certainly, do not regard fur-ranching amount of fines collected during the hard and fast municipal ownership man in the nature of an industry. But fox and fur ranching has reached seven months in which the provincial as some my think" observed the speakthat distinction, having spread into every province in Canada from police had been in charge of affairs er who pleaded for a serious attempt to a modest beginning in Prince Edward Island, crossed the border into had been less on the average per month solve the power question. In advocatthe United States, while Canadian bred fox have been sent abroad than for the first five months of this ing the passage of the sewer bylaw he

In the lines had best plan available, but considered that The expansion of the fox farming began about 1910 when the amounted to \$5,128.50 and in the last the details could be worked out if only knowledge spread that some fortunate individuals had been making seven months the fines had amounted the bylaw were passed. The former handsome profits from the sale of pelts. Then followed a period of to \$7,047.75. In the year 1925 the police commissioner then expressed his speculation caused by the demand for foundation stock during which mayor said the police department had views on the police situation and refertime the scramble "became a veritable craze." The cost of a pair of cost the city \$16,501.00, and in the ring to the provincial system said "I foxes rose steadily from \$3,000 a pair in 1910 to \$20,000 a pair in year 1926 the police had cost the city do not like it." Many things had to 1913, and during the hey-day of the boom as high as \$35,000 was \$16,508.00 or \$4.00 more for the year be considered in the matter and the paid for exception specimens.

A Department of Agriculture booklet, the authority for the foregoing figures, states "The European war brought an end to of the provincial police and said that in the best interest of the citizens. speculative fox-trading, and a highly speculative venture was sergeant in charge and no one could P. H. Linzey, described himself as a changed into a legitimate industry. So far as the fox industry on have received him more kindly. this continent is concerned, the day of speculation is apparently over, and live foxes are sold for what their pelts would bring or a ferred to the improvements made in union card since he was a boy. Just little more, because breeders recognize that every pair of foxes sold the city roads during the past three yesterday he had noticed in the Daily means a competitor." As a result the market value of a pair of live years. He was glad that he had such News that ten years ago he had held foxes now averages in the neighborhood of \$500.

BANK DECLARES OPTIMISM JUSTIFIED.

Civic Questions Discussed by Mayor and Candidates at Meeting Called Last Night

A fairly good-sized crowd was present last night at the meeting called by Mayor Newton in the Moose Hall. Six of the aldermanic candidates and the mayor spoke on civic issues. A. W. Edge acted as chairman and first called upon the mayor who dealt with the financial position of the city and reviewed the work of the council for the past year. He wanted it distinctly understood that the city was solvent. It had paid its way and did not at the present time owe the bank a dollar.

In reviewing the financial affairs of the city, the mayor said that the revenue for the past year had*
