For a Perfect Cup of Coffee

I SE Carnation Milk. Flavor, aroma, color—absolutely perfect. It really makes the coffee. And yet it costs only one-third as much as cream.

It is because of the wonderful flavor and golden brown color it gives to coffee that many women have come to use Carnation in all kinds of cooking.

Carnation is double-rich—and there's cream in every drop. There's no "top milk" or "bottom milk" to Carnation. The Carnation process of "homogenization" distributes the double-helping of cream evenly throughout the tin. That is why Carnation adds so much smoothness and rich flavor wherever it is used. Order several tins or a case of 48 tins from your grocer.

COCOA MADE WITH CARNATION-Three tablespoons cocoa (or 2 tablespoons for children), 2 tablespoons sugar, ½ cup hot water, few grains salt, 1/2 cup Carnation Milk diluted with 11/2 cups water. 1/4 teaspoon vanilla. Scald diluted milk in double boiler. Mix cocoa. sugar and salt and add the 1/2 cup hot water. Cook over low flame 10 to 15 minutes, stirring occasionally to prevent burning. Add to cocoa the scalded milk; return to double boiler and continue cooking for 10 minutes. Whisk with Dover egg beater just before serving. Place a marshmallow in cup and pour hot cocoa over. This serves four. Chilled, then iced, this makes a delightful, hot weather drink.
