Dangerous After the Flu

Physicians advise that the chief danger in this epidemic is after tem may lead to bronchitis, pneumonia, or a second and more severe case of flu. This is especially true of children.

Flu nearly always leaves the stomach upset. Internal medication should, therefore, be avoided, as it so often further disturbs the

But if a fresh cold comes, don't let the child keep it overnight. Just rub Vicks on throat and chest at bedtime. As it is applied externally, Vicks can be used freely even on the youngest child, with no fear of upsetting a delicate stomach.
