CANADIAN HONORED

Dr. Harvey Smith, a native of Winnipeg, who has been elected President of the British Medical Association, which held its annual meeting in the Old Country last week.

Ten Years Ago
in Prince Rupert

August 20, 1919

After a month of idleness at the shipbuilding plant a settlement has been reached in the disagreement between the Prince Rupert Dry Dock and Engineering Co. and the Mullen Construction Co. and it is expected that work will be resumed at the plant within the next day or so. F. M. Schellenberg, vice-president of the Prince Rupert Dry Dock & Engineering Co., will be in charge.

The city council has gone on record as favoring the taking over the local hydro-electric service by a company providing a proper contract is drawn up. The decision followed a conference with William Young, representing the bond holders of the old Prince Rupert Hydro-Electric Co.

In the Methodist Church Hall, a lecture was given by Dr. J. Knox Wright, travelling secretary of the Canadian Bible Society. Rev. Dr. H. R. Grant presided.

LATEST SCHEME FOR RAISING SUBMARINES BY BLOWING HER UP

SAN DIEGO, Cal., Aug. 16:—Marking another step toward lessening the perils of submarine service, tests in which the V-4 was "rescued" with her complement of 87 officers and men, have been carried out here.

With the precision of a carefully regulated machine, fresh air was supplied to the submarine's compartments, the old air exhausted, and finally, the submarine brought to the surface by compressed air lines from the rescue vessel Ortolan which "blew" the ballast tanks of the VV-4 lying on the bottom of the Pacific, 86 feet below the surface.

While the experiment of "blowing" a submarine to the surface has been tried out before, this was the first time that it had been done in the open sea, and the first time that it had been tried with a vessel the size of the V-4. It demonstrated beyond any doubt, navy officers say, that rescue and salvage work in this manner can be carried on successfully.
