THE BOYS' BAND

The Boys' Band is one of the most important institutions in Prince Rupert. It has done excellent work and much credit is due to those who organized it and to the bandmaster who trained the lads to bring them to their present proficiency. A meeting is being held tonight with a view to placing the hand on a better basis. Until now the committee in charge has been unofficially appointed. Now it is proposed to have a constitution and arrange for the financing in such a manner as not to make it necessary to collect money from house to house, or to pass the hat on the street, a course of action which does not lend dignity to the institution.

We take it that Prince Rupert is proud of the band and is anxious for its continued success. The new committee will have in hand the work of financing and carrying on. They will be supreme and will pay the salary of the band-

master. We also would like to suggest that in employing a nineg a rived here this week to at the end of the week. bandmaster the work previously done by the bandmaster take over duty as lady superintenshould have consideration. DOUBLE REPRESENTED

It seems to be a good thing for Prince Rupert that there for some time to his home with inare two men who are working for her at Ottawa. There fluenza. is the accredited member, J. C. THAT CANADIAN FLAG

Here is some of the argument put forward in favor of a distinctive Canadian flag during a debate in Victoria Terrace United Church Congrerecently:

That lack of a distinctive Canadian flag was to the prejudice of Canadianism; that Canada was a nation without a flag, first because the present flag was not official, second because it was not in any event distinctively nual meeting of Knox United Canadian in that it did not express the genius and spirit Church was held in the church of the Canadian people; that the development of Canadian on the evening of Tuesday. Most nationalism was of the greatest importance, because only encouraging reports were receivby that means could Canada preserve unity in the British ed from each department of Commonwealth, only by that means could Canada's unity church activity. In the absence apart from the United States be assured, that only by of A. H. Barger, treasurer, the that means could the migration of young Canadians to presented by E. T. Kenney, and the United States be stopped.

It looks as if the cold weather in Europe is settling the was made to the substantial incoal miners' situation even quicker than could the Prince crease in weekly free-will offerof Wales.

The irrepressible Mary Ellen is to enter the lists once more. That's what comes of being a widow and publicly a membership of twenty-nine ladies was recorded. Deep aprissed by a premier.

The Conservatives around town say Brady got the pressed for the invaluable asmoney for the floats and the Liberals say it was Hanson, sistance which had for another so there you are. Take your choice, ladies and gentlemen, year been rendered by the Guild it's all the same to us.

Even a farmer government does not seem to be above from the Young Peoples' departsuspicion these days. There is the Bracken government ment, wherein reference was down in Manitoba being investigated and found somewhat made to the work carried on by wanting in integrity.
