Rup-Rec Season Closing With Display Tonight

Hundreds of children, ranging in age from the pre-school to the teen-employed, will go through their paces at the Civic Centre gymnasium tonight and tomorrow night at the fourth annual Rup-Rec display, climaxing the active indoor recreation season of the past eight months.

Last year the Rup-Rec show was cancelled after several weeks of sparsely attended and often cancelled classes due to the power shortage. This year the work has been under the direction of Miss Gloria Sather, who has arranged a program. The show on both nights will be opened by Jerry Mathisen, provincial supervisor for Pro-Rec movement, who is paying an official visit to Prince Rupert and Terrace Civic Centres this week.

The program will include singing games by the Tiny Tois class, gymnastics by the junior boys and girls, mat tumbling, square dancing, badminton, and of course the ever-popular acrobatic clown.

The Civic Centre Golden Glove winners will be seen in action when Mouse Morrison and Andy Marshall appear in a short exhibition. The local badminton champions will play a doubles match and Miss Sather's junior leaders will provide specialty numbers. Something new in Prince Rupert will be seen, when several numbers are done under the black-lights operated by Don Forward.

To Divide Up Field

Baseball Association Proposes New Arrangement At Roosevelt Park

Prince Rupert Baseball Association will ask city parks board to rearrange the soccer pitch at Roosevelt Park so that it will not interfere with the baseball diamond.

The Association decided at their general meeting last Friday they would ask soccer clubs to play across the outfield of the present diamond to protect the infield which, it was said, had given infielders trouble for some years.

A committee was appointed to measure the park from different angles to support the request. Tentative plans are being laid

Baseball Scores

Western International
Vancouver 4, Victoria 1
American
New York 6, Detroit 10
Washington 11, Cleveland 10
Boston 2, St. Louis 0
National
St. Louis 3, Brooklyn 4 (10 innings)

GULF STREAM HELPS
The climate of the British Isles, with a mean temperature of 48 degrees, is kept mild by an offshoot of the Gulf Stream.

for a three-team baseball league which would play first game on May 24, in conjunction with Kinmen's sports day.

Election of officers for coming season will be held tonight at the Civic Centre and managers of respective clubs will be announced. Team entries will be called for in the near future.

International Air Service

Correspondence from the Ellis Air Lines read at last night's meeting of the Prince Rupert Chamber of Commerce disclosed that the Ketchikan commercial aviation concern has an application before the Civil Aeronautics Board at Washington now seeking to establish a commercial air service between Ketchikan and Prince Rupert. If Washington approves, then the application will have to come before the international aviation body. Ellis suggests that then might be an appropriate time for the Prince Rupert Chamber of Commerce to make representations in the matter.

SERIES TIED—A 4-2 win by Fort Frances Canadians over Owen Sound Mercury's in Owen Sound Wednesday night tied the final series for the All in Cup at two games each. Tommy Burlington, left, rounds the net after scoring one of his two goals for Owen Sound. The puck is shown, arrow, in the net. Canadian goalie Harry Barzoot looks too late. Bob Fero of Fort Frances skates in at right while Sambo Fedoruk sprawls on the ice to the left. (CP PHOTO)

SPORT SHOTS

Babe Ruth, then pitching for Boston Red Sox, outlasted the great Walter Johnson in a pitcher's duel at Washington 34 years ago. Ruth allowed only two hits while Boston got four hits to win 1-0. Ruth of course gained greatest fame as a home-run slugger with the New York Yankees in later years.

Tony Canzoneri, then light-champion of the world, survived a terrific first-round attack to win the decision over Vancouver's Jimmy McLarnin 15 years ago in New York. McLarnin was favored in the betting odds but Canzoneri won an unanimous decision when the 10 rounds were over.

Al Sabath's great colt Alsab, purchased for \$700 as a yearling, set a record of one minute 57 seconds to win the Preakness Stakes over the 1 3/16 mile route at Pimlico nine years ago. A crowd of 25,000 cheered the three-year-old's run which clipped 1 1/5 seconds off the previous mark. Alsab's record was beaten when Capot won the race in .56 two years ago.

23-Inning Ball Game

VICTORIA (CP)—Salem Senators and Victoria Athletics went at it for 23 innings Saturday night before Salem emerged with a 1-to-0 baseball victory.

The struggle lasted for four hours and 36 minutes.

At least three records were set:

- The longest Western International League game;
- Most consecutive scoreless innings;
- Longest string of shut-out innings by one pitcher.

Forest Conservation Week Is Coming Up

May 19 to 26 will be Forest Conservation Week in British Columbia and in its observance co-operation of the Prince Rupert Chamber of Commerce was asked in a letter read at last night's meeting. The Chamber gave assurance of this as far as possible.

ST. JOHN'S, Nfld. (CP)—The engineer of a freight train saw six moose on the track near Codroy Pond on the west coast while more were seen by others of the crew. All the moose were travelling in pairs. None were struck, although the train halted once while the moose ambled off the track.

CENTENARY—These postage stamps, commemorating 100 years of British North American postal administration, will be issued Sept. 24 to coincide with the opening of the International Philatelic Exhibition in Toronto. The red 15-cent denomination reproduces the first postage stamp issued in Canada in 1851. The other three denominations—blue seven-cent, purple five-cent and black four-cent—will emphasize the development of communications by land, water and air over the century in Canada. (CP PHOTO)

OIL MAKES A COUNTRY STRONG

WHEN DID THEY OPEN UP THE WEST?

The "opening up of the west" didn't end when the railroads and the settlers and the wheat had come. Nor is it ended today. It is a continuing story of our country's growth and each generation adds its chapter.

Today it is prairie oil that holds out new opportunity, bringing with it new benefits and new security.

In four years discoveries in the west have increased Canada's proven oil reserves more than fifteen fold and the production of crude is six times what it was. These advances, and the half-billion dollars the oil industry has spent on them, have not benefited the west alone. All of Canada is stronger and more prosperous.

Our people and our factories have been made busier by the needs of the growing oil industry. There are new jobs and new businesses. Many millions of dollars once spent for foreign oil now stay at home—or are available for other purposes. And of special importance, our supply of oil is being made more certain, less dependent on sources beyond our borders.

Opening up of the west goes on, bringing closer Canada's self-sufficiency in oil, giving new strength to the nation.

About Canada's Oil

Imperial has drilled more than 1,000 wells in western Canada searching for and developing oil fields.

The oil industry is expected to spend about \$4 millions a week on exploration and development in western Canada this year.

By replacing imports, production from Canada's new oil fields is expected to save 150 million U.S. dollars in 1951.

IMPERIAL OIL LIMITED

DIGBY, N.S. v.—Red fox are increasing in this district at an "alarming rate," according to reports from woodsmen and farmers. The increase in red fox is blamed for almost complete disappearance of rabbits from many sections.
