New Structure Was to Have Been Taken Over From Contractors Tuesday For The Docking of New Victoria-Seattle Ships: BIGGEST SALMON YEAR SINCE

Blaze Was Spectacular On Sunday Afternoon and Estimated Loss Was Quarter of Million Dollars; Will Be Rebuilt at Once

VANCOUVER, Aug. 11:-With an estimated loss of \$1,350,000, and only two days before it would have been turned over by the contractors to the government, the new Canadian National Railways dock at the foot of Main Street was destroyed by fire Sunday afternoon, one of the most spectacular conflagrations in the history of the waterfront.

The fire broke out a few minutes before four o'clock and in less than half an hour the entire dock was a mass of smouldering ruins.

No boats were at the pier at the time of the outbreak but the dock was to have been used by the new steamship Prince David in the new service commencing tomorrow. The officials announced that practically the entire loss

was covered by insurance. The Ballantyne pier will be used temporarily as a terminal for the Canadian National Steamships in lieu of

the structure burned yesterday. The fire will not interfere with the plans for the service.

"The pier will be rebuilt as soon as possible," Colonel T. A. Hiam said today. "It might have been worse." This was the attitude of Canadian National officials who expressed gratification that no boats were at the pier. Colonel Hiam visualized the plight the company would have been in if one of its new coastal boats had been berthed there without steam up and powerless to move.

It is regarded as possible an incendiary may have set the fire. Two men were seen running away by the watchman. It is also thought possible one of the men might have dropped a match and that they fled when the flames burst up.

Crazy Russian Killed Himself

Placed All Together In Stump Hole and Discharged Stick of Dynamite

BURNABY, B.C., Aug. 11:-Placing his three children, whose ages ranged from two to seven years in a stump hole on the proposed provincial highway just off the Douglas road near here Sunday night, a Russian named Otto Zellard, blew them and himself to pieces with a charge of dynamite.

Zellard is said to have been of a queer nature. His wife left him several days ago because of alleged cruelties.

REMAND FOR FEW HOURS

New Prosecutor to Confer on Arrival and Take Up Cases

When the charge in connection with alleged election irregularities against Captain McLean, Chief Engineer Davis and Frank Morris came up on remand this morning in the local police court before Magistrate McClymont, application was again made by the prosecution for a further remand as the case cannot be proceeded with until after the official count by the returning officer for the recent election and the opening of the ballot boxes.

In order to meet the convenience of the accused and of the defending counsel an adjournment was granted until this afternoon so that C. G. Beeston, who has been appointed special prosecutor and who is to arrive in town today from Vancouver, may be present. After this conference the case will again be considered before Magistrate McClymont and date of adjournment will be announced.

The victim apparently of a hit-and-run driver, Joe Shenord, re-

Clay Porter of Stewart Brings Another Mine Into the List of Shippers From That District

STEWART, Aug. 11.—That another shipping mine will soon be added to the list of producers in the Portland Canal district is the confident assertion of Clay Porter, prominent local mining man, and the property Mr. Porter refers to is none other than the old Mobile which now goes under the name of the Kenneth group and is situated at the head est due to the amount of \$12,700 on of the south fork of Glacier Creek, but a few miles from July 2, the city council of Victoria Stewart.

Mr. Porter is the man who located, financed and put the

Porter-Idaho into production, fin-H ally disposing of control to the Premier Gold Mining Company. Of the mier Gold Mining Company. Of the has never seen a better showing in his life, far outstripping that of the Porter-Idaho or Porsperity, and as the result of present development he is confident that the property will be on a shipping basis within a month.

In financial circumstances and at an age when most men would be thinking of taking things easily and letting the other fellow do the work, Mr. Porter went looking for new worlds to conquer. He is not and after he had thoroughly examined and sampled the Kenneth last was available at Lulu Island temsummer, little time elapsed until he porary airport. had secured th property. Fren Thousand Raiders Are Beaten Off From City of Peshawar, India

SIMLA, India, Aug. 11:—Peshawar, the northwestern key to the city, remained today inviolate after efforts by 10,000 raiding Afridi tribesmen to capture it.

Although a mass attack by Afridis from beyond the Afghan border has never developed, British defenders, many of them native Indian troops, have beaten back tribesmen in several important sallies.

At least six Indian troops have been killed in an ambush but heavier loss has been inflicted on the raiders.

FISH SALES

Fish sales at the local exchange this morning were fairly heavy with Canadian boats landing 115,-700 pounds and American boats 90,200 pounds.
