# GENERAL ELECTION LIKELY JULY

PRINCE RUPERT, B.C., FRIDAY, MAY 30, 1930

### Canada Will Vote On That Day If Nothing Unexpected Comes Up

Canada Willing to Do Its Part But Something Is Expected From Mother Land-British Motor Manufacturers to Invade This Field

LONDON, May 30:-Yesterday's session of the Empire Chambers of Commerce Congress was devoted to discussion of Imperial preferences and it was not all smooth sailing. The discussion resolved itself largely around the question of who was ready to make the first concessions-Great Britain or the Dominions. J. H. Woods of Calgary, president of the Canadian Chamber of Commerce, did not think that Canada's system of preference could continue long unless there was reciprocity on the part of the Mother Country. The extension of preferences, Mr. Wood said, must obviously include their extension by the United Kingdom for "unless the United Kingdom does this, what is the use of our talking among ourselves of preferences when Great Britain has nothing in its basket to give "

The Congress voted on a resolution favoring the extension of Imperial preferences and passed it with but seven dissenting votes. The seven were delegates from the free

trade areas of Lancashire and Yorkshire.

An important development foreshadowed during private discussions of British and Canadian delegates to the Congress was action by British motor manufacturers to invade the Canadian market. The manufacturers announced that they were preparing to erect manufacturing and assembling plants in Canada and to make a concen-

### Johnson Affirms Belief In Divine Guidance Helping Her Through Her Adventure

VANCOUVER, May 30:-A special cable from Brisbane to the Vancouver Province tells of an address by Amy Johnson before a Women's Christian Temperance Union conference in which she said: "I firmly believe that there 18 Some One who watches over us. I know there is a Higher Power. I feel it. I started off with the prayers of my people and each day before I hopped off, I said: 'Please

## Novel Means Adopted By Labor Government To Allay Unemployed

Half Million Children Will Attend School For Year Longer and 100,000 Will Be Needed to Replace Them On Labor Market

LONDON, May 30:--Half a million children of Great Britain will be given an extra year's education under a new education bill of the government which provides for the raising of the school age from 14 to 15 years. The bill was given its second reading in the House of Commons yesterday. President of the Board of Education Trevelyn said that the extra year would keep the children out of the labor market that much longer and thus leave room for from 100,000 to 150,000 people to replace them. That would mean that perhaps 100,000 people would be taken off the dole and 8,000 additional school teachers would be required. The state will provide 70 per cent of the whole cost of raising the school age.

Former Clerk Charges That Vancouver Relief Officer Cashed Meal Tickets, Too

VANCOUVER, May 30:--Evidence that George D. Ireland, former city relief officer, had participated in the returns from redemption of city relief meal tickets in cash was given before the special investigating committee of the city council yesterday by Clifton Maxwell, Ireland's force assistant, who stands sentenced to 18 months' imprisonment for theft in this way.

Maxwell estimated that Ireland had made \$4800 from this source since April 1929 and said he believed Ireland had been cashing meal tickets since 1927 to the extent of about \$200 per month. Maxwell stated that he had never cashed any meal tickets himself except at the instigation of Ireland.
