Happy Stopped When He Began To Take "Fruit-a-lives"

3 OTTAWA ST., HULL, P. Q.  
"For a year, I suffered with Rheumatism, being forced to stay in bed for five months. I tried all kinds of medicine without relief and thought I would never be able to walk again. One day while lying in bed, I read about 'Fruit-a-lives' the great fruit medicine; and it seemed just what I needed, so I decided to try it. The first box helped me, and I took the tablets regularly until every trace of the Rheumatism left me."

## FUR MARKET IN BAD CONDITION

English Market is Glutted and New York Beginning to Reflect Low Prices.

The furmarket at the present time is in a very unstable condition. The English market is glutted with millions of dollars of fur and if conditions are settled in Russia it will still be worse. Prices for almost all varieties are away down and still falling and it is next to impossible to give quotations. As a result of the fall in the British market, New York prices are also going down. The present world strikes are also blamed, partly, for the decrease. The general condition is none too bright and trappers are not going to receive the big prices this winter that have been prevailing for the past season or two.

Muskies, good mink and beaver are scarce and the price is, therefore, still strong. The demand for beaver, however, does not affect local fur men because a close season has been put on them. Lynx are also going at good prices. Fisher and marten are weak and going down fast. Wolf and coast mink are also very weak. Bear shippers have been making no profits as the market is 20 per cent lower on the furs of the bear.

As a result of the low prices in the London market much fur has been withdrawn and the shippers are holding it rather than sell at a loss. Dark marten which sold last spring in New York has dropped about 20 per cent, and pale marten is 20 per cent lower. Wolf skin costing \$20 in New York brought only \$11.85 in London. Silver and cross fox is all withdrawn in London on account of a 50 per cent drop.

On account of the great amount of fur now on the market, it is expected that higher prices will not be paid for raw fur for a long time and in the meantime a greater drop may be looked for.

### Sport Briefs

With no changes in the playing rules the National Hockey Association schedule of games will commence in Quebec and Ottawa when the Canadiens and Toronto play the visitors respectively. The one referee rule will be enforced and one referee will be selected in each city on the circuit. There will be forty-eight games and twelve will be played in each of the four cities.

Jack Dempsey is being plied with offers for a meet with Georges Carpentier, heavyweight champion of Europe, for the world's title. Dempsey says although he would prefer to fight in America, still he will go where the best offer is made. Cochrane, the English promoter, has offered \$175,000, while Tortorich, of New Orleans, has offered \$150,000.

M. Decoin, of Paris, who must have coin alright, goes them all one better. He says he is willing to put up any sum Dempsey asks for a New York bank. Decoin will make a fight at the sporting club that he runs in Paris on July 14. He is awaiting Dempsey's favorable reply before leaving for America to make final arrangements with Manager Jack Kearns.

This is boom week in the baseball world although no games are being played. On Monday the International League had its annual general meeting at New York. On Tuesday the National League had its annual meeting, when the 1919 pennant was formally presented to the Cincinnati Club. The American League is holding two meetings, one in New York and the other in Chicago, the two meetings being held on account of a disagreement between Comiskey, of Chicago, Frazee of Boston and Ruppert of New York and other managers of the league. Schedules for the 1920 playing season were drawn up at the meetings.

The Union Oil tanker Lansing is at the oil dock unloading 40,000 barrels of oil for the local tanks. She arrived last evening from San Francisco and will complete discharging this afternoon or evening.

The Prince Albert completed her underwater repairs at the local drydock yesterday morning and the Tilamook is again on the pontoons.

## COLD SOW SEEDS OF LONG TROUBLE

Pleurisy, Pneumonia, and Even T.B. Often Follow When Colds Are Neglected,

Everybody dreads lung trouble. We shudder when we hear of the dreaded T.B. We are afraid when we hear talk of the possibility of pleurisy or pneumonia. Any disease which affects the lungs is serious.

It is well to bear in mind that every person who neglects a case of common cold is paving the way for a possible attack of lung trouble, which may quickly develop into an acute stage or a chronic form.

Start treating a cold just as soon as it starts. A medical man the public should observe. Two capsules of Grip Fix, taken at intervals of two hours will usually give relief in three doses. If the cold is deep seated or has reached the grippe stage it takes a little longer, but in a career of over ten years, Grip Fix has established a record of giving relief in a night.

Grip Fix is not a patent medicine. It is a combination of just the drugs physicians would prescribe, and these are plainly noted on every box. If you are in doubt, ask your family physician. In buying it, however, be sure to get the original Reid's Grip Fix, which comes only in capsule form.

Grip Fix is sold for 35 cents per box and may be obtained at all druggists.
