#### NEIGHBORS TALK

I am employed in a theatre and it is a problem to make ends meet, as help support my mother and fisters. I like to dress well but haven't very much to spend on clothes. To give the appearance of variety to my slender wardrobe I change the color of a dress or stockings as soon as the things become faded. I always use Diamond Dyes for the work-using them as dves for dresses and as tints for stockings. I have always gotten such perfect results that our neighbors talk about the great number of new things I have.

'I learned about Diamond Dyes from our wardrobe mistress. She says she has tried all the dyes on the market but none do such splended mond Dyes. I understand they are the world's most popular dyes—and they deserve to be." L.P., Montreal.
