ACTIVITY IN MINING

Work Continuing With Eminently Satisfactory Results on Five Properties Near Smithers

Jessie Looks Good

Shipments Made From Glacier Gulch on Which Aerial Tram Has Been Built

SMITHERS, Nov. 20:—Several well known mining properties in the Smithers-Telkwa district are continuing operations this fall with eminently satisfactory results, these including the Jessie Gold, Glacier Gulch, Lake Kathlyn Anthracite (coal), Bulkley Valley Coal (coal) and Babine Gold.

At the Jessie Gold Mines the 400-foot level is being carried forward as a drift on the No. 1 vein with no break in the ore to date. The ore-width in the tunnel is greater than at the corresponding point on the surface. This vein has been established in surface workings for 950 feet in length with the best showing at the westerly end about 800 feet in advance of the present face of the tunnel. Douglas Lay, resident mining engineer, examined the Jessie recently.

On the Glacier Gulch group Stuart Campbell and associates have got out for shipment a carload of hand-sorted gold bismuth ore. Improvements have been made to the road and an aerial tram constructed to bring the ore down from the workings to the end of the road. The ore will probably be hauled down to the railway at Lake Kathlyn station, only two miles distant from the mine, and shipped during this month. The resident engineer for the district was at the property recently.

Lake Kathlyn Anthracite Coal Company is continuing its exploratory work on its property near Lake Kathlyn. The manager states that he hopes to have coal shipments made in the near future.

Bulkley Valley Coal Mines near Telkwa continues active mining operations and the market for its coal is steadily growing. Manager Frank M. Dockrill was in Prince Rupert during the month making arrangements for an increased sale there.

The Babine Gold Mines operation of W. R. Wilson & Sons on Dome Mountain was examined by R. W. Wilson during the month and, on his return to Telkwa, he expressed satisfaction with the progress being made. He was expected to return to the mine within a few days to lay out further work on completion of contracted tunnel work which has been in progress the past two months.

GLAMOROUS PAIR HERE

Jean Harlow and Clark Gable Co-Starred in "Hold Your Man"

Jean Harlow and Clark Gable, glamorous screen lovers, are co-starred again in "Hold Your Man," first of the week feature at the Capitol Theatre here. It is a rapidly moving rowdy, worldly story of timely tempo with an underworld flavor. Miss Harlow plays the part of a gaudy creature who is willing to allow herself to become the fall guy in a "love racket" for the sake of her man. Gable is a light-moraled chap who finds his real worth when the girl is sent to jail because of the trouble his racket has got her into. The plot is a thrilling one with a climactic background in a woman's reform school.

Stuart Erwin heads the supporting cast, playing the part of a man who loves the girl honestly and wants to marry her even when he knows the full truth. Dorothy Burgess is cast as a battling night club hostess.

Former Resident Of Prince Rupert Is Dead in North

Alfred Ward, well known as a sign writer and painter in Prince Rupert in the early days, passed away recently at Grande Prairie in the Peace River country where he had been a resident for many years. He was born in Toronto 56 years ago and was married in Prince Rupert in 1916 to Miss Rosa Scott, daughter of the late Peter Scott, an early investor here. The funeral took place at Grande Prairie.

District News

SKIDEGATE

Many friends he made during the election campaign on the Queen Charlotte Islands send their greetings to G. W. Rudderham, C.C.F. candidate in the recent provincial election, congratulating him on the excellent showing he made in the vote on the Islands. Liberals and Conservatives, many of the latter of whom supported him with their votes, share in the feeling of well-wishing for Mr. Rudderham.

The recent sudden death of Mrs. Norman A. Watt came as a great shock to many friends on the Queen Charlotte Islands. General sympathy is felt for the popular government agent at Prince Rupert and his little family.

Capt. J. B. Scott and R. D. Greggor of the Forest Branch called here recently on their way through to the West Coast aboard the departmental cruiser Lillian D. They were over on departmental business.
