SAFETY SPEED COMFORT SERVICE

Your Best Vacation Aid is a Railway.

As well as providing, efficiently and economically, an unrivalled system of transportation embracing the length and breadth of the Dominion, the railways of Canada are the owners and operators of hotels, camps, and resorts which give to the vacationist and pleasure-seeker the maximum of comfort and enjoyment at the minimum of expense and effort. At the seashore, at the lake, or in the mountains the desires of the holiday-maker have been anticipated and the tourist has at his choice scores of places selected because they represent the best in their respective localities. A sojourn at one of these places is not necessarily an expensive matter-indeed the reverse is the case-and its duration may be for any period, long or short, during the summer season.

Families and children are made welcome and everything that experience and skill can suggest to ensure a happy and healthful time is done.

To get to these favored spots special railway fares have been made, and special tariffs have been arranged to cover the period of the vacation. Interesting alternative routes, with stopover privileges, to the outstanding resorts and cities of Canada have been planned. A holiday under the auspices of a railway company will be found to be surprisingly cheap this year; and after the doleful recent years it will be doubly enjoyable.

Obviously within the limits of this advertisement it is impossible to go into detail. But not very far away from where you, the reader, now are, is some ideal spot-whether for fishing, bathing, boating, golfing, or simply resting, is a matter of your own taste—to which a railway will carry you and give you the joy of obtaining your heart's desire.

The railways, through their local agents and representatives, will be glad to furnish complete particulars and to co-operate to the end that you will know the best place to which to go, what you may confidently expect at your destination, and exactly what your expenditure will be. They will be glad to tell you of the many excursions and the special fares that are now available, not only to summer resorts but to all parts of the Dominion. And, of course, the C. N. R. will be particularly pleased to be allowed to help in changing your vacation problem into vacation happiness.
