## 5,000 OF ITS WORKERS ARE SHAREHOLDERS IN IMPERIAL OIL LIMITED

A FEW DAYS AGO, 208,528 shares of Imperial Oil stock were distributed to Imperial Oil employees throughout Canada. The market value of the stock at the time of distribution was about \$4,000,000. The stock was not given to the workers. They subscribed for it over a three-year period and under advantageous terms. For many years the Company's employees have been acquiring stock in this way. Consequently, of Imperial Oil's 55,000 shareholders in Canada more than 5,000 are employees of the Company.

Imperial Oil has encouraged and assisted its workers to acquire ownership in the Company for two reasons:

- Because Imperial Oil believes that labour is entitled to fair and just treatment, and the stock acquisition plan is only one phase of the Company's labour policy which includes pensions, sickness and death benefits, group insurance, etc.; and
- (2) Because Imperial Oil, Limited wants its employees to have a real interest in serving you - and all the Company's customers - to the very best of their ability.

So when you deal with an employee of Imperial Oil, Limited you are, in many cases, dealing with one of the owners of the Company. He is anxious to serve you well, to win your goodwill and continued patronage, because it is his Company. The men who drill for oil, the sailors who man great tankers on the Atlantic and Pacific, the workers in the refineries, the chemists in the laboratories, the agents at country bulk stations, the drivers on the trucks, the salesmen at the service stations - most of these are not only employees; they are shareholders too. They are responsible people with an interest in the business and so we have faith in their ability and desire to serve you well.
