LOCAL ITEMS

Two stretcher cases from Hazelton will arrive in the city on tonight's train from the interior and will be taken aboard the steamer Prince Rupert to Vancouver for further treatment. One of the cases is Mrs. Velo, who is being accompanied by her sister, Mrs. Foster, and the other Mrs. Heenan, accompanied by her husband.

Mrs. A. Fornosa and child are sailing this afternoon on the Princess Norah for Vancouver where the child will receive treatment at the hands of specialists.

NORMAL EYES

Have you professional assurance that your children's eyes are improving as their bodies are growing? Are you more careful about their 32 teeth than their two eyes? Don't fight fear ignorantly. Hope that those eyes will need no glasses—but if they do, be thankful you found it out early.

# WHIFFLETS

## From the Waterfront

The local halibut boat Embla, which was in with a catch of 8,000 pounds of fish yesterday, finally decided not to put the catch on the market but, instead, have it held in cold storage. Thus the spirit of the agreement among the fleet not to place fresh fish on the market until a minimum price has been arranged or there is an improvement in the frozen fish situation is not violated.

Word has been received in the city of the success of Harry Robb, who has been taking a torpedo course at naval barracks at Esquimalt, in pasisng his examinations as a leading torpedo operator. A member of the local unit of the Royal Canadian Naval Volunteer Reserve, he has been at Esquimalt for the past three weeks and expects to be away for another fortnight.

Northland Transportation Co.'s motorship Norco, Capt. Ekholm, arrived in port at 3 o'clock yesterday afternoon and, after discharging one carload of frozen fish for transshipment east over the Canadian National Railways, sailed later in the afternoon for Seattle.

Southbound from a regularly scheduled voyage to Skagway and other Alaska points, C. P. R steamer Princess Norah, Capt. William Hughes, is due in port at 3:30 this afternoon from the north and will sail at 5 p.m. for Vancouver The Princess Norah is now speeding up her schedule to a ten-day service for the spring on the Alaska route and will be here again on Thursday morning of next week northbound.

# Teachers' Meet Tuesday Night

## Convention Resolutions Discussed Among Other Business

The regular monthly meeting of the Prince Rupert Teachers' Association was held on Tuesday evening in Booth Memorial School, the president, W. W. C. O'Neill, being in the chair.

In addition to routine business resolutions were discussed for presentation at the annual convention of the B. C. Teachers' Federation to be held Easter week in Victoria. Reports of the success of the observance of Education Week were received and general satisfaction was expressed at the wide interest taken by the general public. The speakers at the public meeting and the ministers who took as their subjects phases of education were particularly complimented. The valuable support and publicity given by the press and editorials in the local papers were matters of favorable comment. As a speaker had mentioned, unlike other publicity weeks, Education Week had not been supported by the teachers from any selfish point of view and it was apparent that the public realized this too.

A circular from the elementary section of the Teachers' Federation outlining matters that would be discussed at the convention was considered at length. The importance of the elementary section can be understood when it is realized that, out of the 110,000 pupils in the province, 82,000 are in the elementary schools and, of the 3,800 teachers, 2,800 are in the elementary section. A questionnaire from the Federation research committee regarding education in areas where a commissioner has been appointed was also discussed and answers agreed upon.

**No other dyes give such COLOR BEAUTY**

WOMEN who are experienced in home-dyeing, and professional dyers, too, often remark about the superior color beauty of Diamond Dyes. "Diamond colors are so true," they say. "There are never any off-casts or dull, dead tones. All *live*, lustrous color, just like new material, with no spotting or streaking." The reason for this is that Diamond Dyes actually contain a greater amount of the finest aniline coloring. For permanent dark colors, *by boiling*, use Diamond Dyes. For light shades, *without boiling*, use the beautiful new Diamond Tints. All drug stores, 15c.

DIAMOND DYES

MADE IN CANADA

*better because richer in pure anilines*

# Today's Weather

**GRIPPE COLDS!**

GRIPPE is around and it is not safe to neglect even a "slight" cold. Once it reaches the Grippe stage it is much harder to get rid of... and quickly spreads throughout the family.

Check even little colds before they develop. Take a Colman's Mustard bath and sweat out the poisons quickly! That's the way to ward off Grippe.

Keep This Chart as a Reminder

| TO RELIEVE | COLMAN'S MUSTARD | | |
|---|---|---|---|
| | Plaster | Full Bath | Foot Bath |
| Coughs → | ✓ | | |
| Colds → | | ✓ | ✓ |
| Chest Colds → | ✓ | ✓ | |
| Chill → | | ✓ | ✓ |
| Rheumatics → | | ✓ | |
| Grippe → | | ✓ | ✓ |
