Claim New Record With Fever Cures

Los Angeles Doctors Report To Therapy Congress On Social Diseases

NEW YORK, Sept. 23: (CP)—A new record in curing gonorrhea, 97 percent, obtained by combining the two latest treatments, artificial fever and sulphanilamide, was claimed before the American Congress of Physical Therapy.

The report was made by Dr. Elmer Hall and Dr. Alvin Folkenberg of Los Angeles. Moreover, they declared nearly all the remaining three percent got well when subjected to a second course in which the fever was intensified.

By the new combination they said only five hours of fever was needed. Expense and difficulties of taking have been a handicap in wide use of artificial fever for this disease.

Dr. A. E. Bennett, announced the report of a group of doctors which asserted artificial fever has restored the sanity of 53 percent of 70 cases of paresis sufferers. The report said treatment by medicine alone gave 12 percent of cures.

Weather Forecast

General Synopsis— The barometer remains high on the north coast and low to the westward. The weather has been fair and warm in the interior of British Columbia while showers have occurred in the north.

West Coast of Vancouver Island —Moderate north to northwest winds, fair, not much change in temperature with slight fog patches.

The halibut boat Sitka, Capt. William Doucett, sold a catch of 38,000 pounds at Juneau yesterday at 8c and 6c.

Large Seattle Halibut Boats in With Catches This Week—Manner of Closing of Season Clarified by Commission Announcement

Prince Rupert during the week ending yesterday saw a larger number than usual of the big Seattle halibut vessels landing their catches. They were making the short run in from the Area No. 3 banks so as to be able to turn around quickly and make another trip for Seattle landing before the season closed. For some of these larger Seattle boats it was the first call of the season at Prince Rupert. During the week American vessels contributed the preponderance of halibut landed at Prince Rupert, a total of 509,500 pounds being brought in by twenty United States bottoms. This brought the aggregate of American landings at Prince Rupert for the 1939 season to date up to 8,282,300 pounds as compared with 5,946,400 pounds at a corresponding date last year. Canadian landings at Prince Rupert for the same week were somewhat light at 131,500 pounds, bringing the season's total up to 6,630,400 pounds in comparison with 5,446,650 pounds last year. The grand total of landings at Prince Rupert for the 1930 season up to and including yesterday was 14,912,700 pounds, showing a large increase over last year's 11,393,050 pounds at the same time. Prices during the week were improved. The high bid of the week for Canadian fish was 10.2c and 5c paid the Nornen and Neptune II. for catches of 6,000 and 10,000 pounds respectively while the low Canadian price was 6.8c and 5c which the Lois N. was paid for 38,000 pounds. For American fish the high price of the week was 10.9c and 6c which the Eureka was paid for 6,000 pounds and the low 8c and 6c which the Coolidge, Venture and La Palma were paid for 26,000, 36,000 and 27,000 pounds respectively.

An announcement by the International Fisheries Commission yesterday cleared the air as to the manner in which the 1939-40 closed season for halibut fishing in Area No.3 will be brought into effect. Yesterday was set as the last date for the validation of licences with October 8 the extreme date of departure and October 28 the last date for fishing. Some dozen or so Prince Rupert boats are still out halibut fishing towards the end of September.

The Seattle halibut boat Masonic made her first call at Prince Rupert yesterday under that name. The Masonic, owned by Capt. John Hansen, was formerly the Lishona and was recently renamed in honor of the fraternal order of which the skipper is a member.

A special Notice to Mariners issued by the Department of Transport tells of precautions which must be observed during wartime by vessels approaching the shores of Canada or any ports or localities of Canada. If entrance to a port is prohibited, three red vertical lights by night or three red vertical balls by day will be exhibited in conspicuous position near the approaches. If these signals are displayed, vessels must approach the port with the greatest caution and implicitly obey all orders or signals. Examination services are being established on this coast at Esquimalt and York Island.

Heavy fogs have been holding up both salmon and halibut fishing boats at Ketchikan the last few days. Yesterday the following halibut boats sold at Ketchikan at 6c and 5½c to 8c and 5.5c: Radio, 40,000 pounds; Thor, 36,000 pounds; Electra, 26,000 pounds; Addington, 14,000 pounds. The going prices for salmon at Ketchikan are 16c, 9c and 7c.

Having been delayed by fog on the voyage up the coast, C.P.R. steamer Princess Adelaide, Capt. William Hughes, arrived in port at 7:45 last evening from the south and sailed at 11 p.m. on her return to Vancouver and waypoints.

Halibut prices at Seattle yesterday were running upwards of 11½c and 10c, several boats marketing catches.

Union steamer Cardena, Capt. John Boden, arrived in port at 2:30 o'clock this afternoon from the south and sailed shortly thereafter on her return to Vancouver and waypoints. The vessel is running more than twelve hours late owing to having had heavy loadings of canned salmon to make.

TODAY'S WEATHER

Prince Rupert— Cloudy, calm; visibility, eight miles; barometer, 30.29 (rising); temperature, 50; sea smooth.

Triple Island—Westerly wind, 12 miles per hour; visibility, 20 miles; light swell.

FUN FARE ON SCREEN

"The Three Musketeers," the musical comedy comedy version of the famous Alexandre Dumas story of the same name starring Don Ameche and the Ritz Brothers, and "The Jones Family in Hollywood," another of this very popular series, comprise a double bill picture program at the Capitol Theatre tonight, a program that gives promise of being unusually entertaining.

In "Three Musketeers" swashbuckling alternates with horse play, royal romance and secret intrigue vie for interest with the antics of balmy buffoons and, through the action, are introduced a number of rousing songs including "Song of the Musketeers," "My Lady" and "Voila." Don Ameche is, of course, the dashing D'Artagnan and the Ritzes are riotous as the musketeers. Binnie Barnes, Gloria Stuart, Pauline Moore, John Carradine, Lionel Atwill, Miles Mander, Douglas Dumbrille and John King carry out important characters of the original story.

In "The Jones Family in Hollywood," Dad Jones is selected to represent his town at an American Legion convention in Los Angeles. He has plans for a one-man holiday but the family decides to go along and the adventures of the entourage provoke typical Jones family merriment. All the favorite members of the cast are again in this picture.
