

Finance Minister and City Solicitor

(Continued from Page 1.)

electric light, but also for the supply of small power plants, and the system is now carrying not only a night but a day load.

To pay for these increased advantages, which will always be necessary, the present sum of \$66,000 is required, which will pay for the necessary extension of pole and wire.

The city is advised by its electric engineer, Mr. Mathews, that a revenue sufficient, after paying all running expenses, will be realized to pay both sinking fund and interest on this new loan, and also on the old loan, which was previously made. We might state at this point that the system is now on a paying basis. Further that the city has applications for many new customers. It is proposed to issue debentures for twenty years. The total sinking fund for this new issue will be \$2333.00; the total interest will be \$2970.00. The estimated gross revenue is \$50,000 a year, which will, we are advised, after paying all expenses, easily pay sinking fund and interest.

Generally with regard to the three bylaws, we would point out that with regard to the electric light, and the telephone bylaws, it is hardly probable that any assessment will ever have to be made, and that with regard to the city hall, its erection is an absolute necessity and it is only fair that the expense should be spread, and not all paid by the people in one (1) year.

HAMILTON DOUGLAS,
Chairman Finance Committee
F. PETERS,
City Solicitor.

Football Match

A football match was played between A. and B. teams drawn from the Prince Rupert Caledonian Football Club last night and resulted in a win for B team by a score of 7 to 2. Considering the conditions a good brand of "soccer" was served up and a large number of spectators were present. B. team combined well and brought off some good football. Currie at half and Willis-croft at outside left were best for the winners, while Martin at back and Kelly at half back starred for the losers.

W. O. Doughty, son of Sir G. Doughty, returned by the Prince George.

Uncle Jerry Returns

By the Prince George arrived J. H. Kugler, who has been in Vancouver for some time now. Mr. Kugler is of the opinion that this year will see the greatest influx of people Prince Rupert and Northern British Columbia has yet witnessed. Mr. Kugler is doing considerable advertising and boosting in the south for Prince Rupert, and while he has opened an office in Vancouver, and given considerable of his time to it, he has not by any means left Prince Rupert; indeed he is more extensively interested here than ever, and regards this as his home town. Mr. Kugler states that he recently had an advertisement relating to New Hazelton in fourteen hundred newspapers in the United States and Canada. He will remain here until after the Amundsen auction sale.

The Real Stuff.

Real maple sugar reached Rupert the other day in a special consignment to Mr. Rowell from relatives in the east. Willie Rowell, one of our route boys, favored the copy-mill with a chunk to sweeten his labors, hence this item. Even a copy-mill is susceptible to maple sugar.

MIDDLE aged lady wishes a position in private family, cooking or housework. Box 12, News Office. 31

NOTICE

Lot Owners—Attention!

Acting under instructions from the city council, I call attention to the necessity of lot holders, under agreement from the Grand Trunk Pacific Development Company, to complete their titles, and have the same registered in the Land Registry office before July 1st next. Owners whose lots are not registered by that time run the risk of being unable to vote in Municipal matters, or being eligible for the office of Mayor or Alderman. The council considered it proper that this question should be brought to the notice of the whole public.

E. RNEST A. WOODS, City Clerk.
