HYDROPLANE FOR TORONTO

One of the World's Fastest Power Boats Will Skim Across the Surface of Lake Ontario This Summer.

Toronto is to have a real high speed motor boat—one of the famous hydroplane type.

Built in England, she is already in Toronto, and will be dropped into the water for a trial next week. She is owned by one of that famous yachting family—the Gooderhams—to be really explicit, W. H. Gooderham.

The new flyer is a 26 foot mahogany craft. She is of over eight feet beam and is built of three veneers of mahogany sewn together with mahogany wire. This embodies both lightness and strength, and what it costs per square foot would buy a row boat.

The new craft, which is engaged by an eight cylinder "V" type Woolsey engine of 60 horse power, was designed and built by the Fauber-Simms firm, which built the Duke of Westminster's famous 40 mile an hour hydroplane, Maple Leaf III.

She is expected to better 35 miles an hour and will go to the big races.

AN IDYLL OF DEATH

The Final Story of Mr. and Mrs. Straus Will Live Forever.

We wish to have the final story of Mr. and Mrs. Isidor Straus put on record in these columns. Colonel Gracie heard them discussing the matter between themselves, and agreeing that if they must die they would die together. So when the officers urged Mrs. Straus to enter the life boat she refused to leave her husband. "We have lived together all these years," said she, "and I will not leave you now." No persuasion could move her. Then, says a survivor, Mr. Stengel, the officers tried to make an exception in favor of Mr. Straus. "We told him," says Mr. Stengel, "that no one objected to an old gentleman like him going in the boat. But he said he would not leave till the other men did." Their story will go down the ages. It has been the subject already of hundreds of poems.—New York Independent.

Aged Father of Twins.
