PROSPECTS OF WAR

MAR IN EUROPE by Christmas! That is the spectre that today presents itself to a war-weary and scared Europe.

Ross Munro, who gained worldwide reputation for his factual war reporting for The Canadian Press, does not overplay his stories but merely lets the facts speak for themselves. What they say today are alarming.

The split between Russia and her newly-acquired satellites and the Western Nations is serious indeed. It is not a thing of the moment. This breach has been widening ever since the Peace Conference gathered.

There are optimists, however, who believe the war clouds will be blown away with stable settlements of all problems.

Marshal Stalin recently declared his desire for continued peace, which he said was strongly desired by all nations.

Surely the statesmen of the world are not blind to the chaos and suffering throughout the world. War, they have proclaimed, is no solution for either the victor or the vanquished. Let them not forget this truth.

Surely just settlements can be reached by all nations. The little man hopes and prays that our statesmen will rise to Olympian heights and forestall another catastrophe.

A ray of hope shone today with the announcement from Moscow that Soviet Finance Minister Zverev had recommended a reduction of \$11,095,000 in Russia's defence budget for the next fiscal year.

Surely a nation planning war does not consider such a step.

As Others See It . . .

Printing books by "mental cases" isn't new. The only difference is that previous authors didn't admit being that

A scientist says there is no way to stop the chain reaction of atoms once it starts. For that matter, you can't stop the explosion of any bomb after it starts.

Democracy can't work right until we outgrow the idea that one man can pull himself up only by pulling others down.

A weman is content if she knows she is beloved, well-dressed and pretty; a man is content if he feels successful.

Daisies now have given place To purple asters, Queen Anne's lace, And soon, to mingle with the gold Of grasses, sumac will unfold Its crimson, vying with the trees Of scarlet; yet the least of these Autumnal colors must depart To leave a space within the heart For winter flowering, soft and slow,

Of starry blossoms of the snow. -SJANNA SOLUM.

IMPORTANT! VITAL!

SUBJECT: Death of a Government Employee. To All Employees: (This also applies to War Assets Corporation).

It has been brought to our attention that many of our employees are dying and refusing to fall over after they are dead. This must stop!

On and after the first day of July, 1946, any employee found sitting up after he is dead will be dropped from the payroll at once (ie. within 90 days). Where it can be proved that the employee is being supported by a broom or other piece of property marked "Canadian Government" an additional 90 days will be granted. The following procedure will be strictly adhered to:

If after several days it is noticed that a worker had not moved or changed his position, the Supervisor will investigate. Because of the highly sensitive nature of Government employees, and the close resemblance between death and their working attitude, the investigation is to be made quietly so as not to disturb the employee if he is only sleeping. If some doubt exists as to the true condition of the employee, extending a Government cheque is the final test; if the employee does not reach for it immediately. it may be reasonably assumed that he is dead. In some extreme cases, the instinct is so strongly developed that a spasmodic clutch or reflex may be encountered. Do not let this fool you.

In all cases a sworn statement must be filled out by the deceased (Form 441/2y). Fifteen copies will be made-three copies to be given to the deacesd and destroy the rest.

Form No. 22 (Application for Permanent Leave) must also be filled out immediately by the employee. Be sure to include the correct information, especially the forwarding address. If he cannot write, his signature must be witnessed by two other employees, preferably alive.

To close, push body aside, making room for the next incumbent.

By Order Rigor Mortis, Actg. Deputy Minister of

Births, Death and Mirages. (From B.C. Digest)

In times past the Chamber of Commerce has wandered in many fields of daisies, but has never strayed too far from its basic purpose, which is, by concerted action, to achieve community objectives that are too extensive for individuals working singly. -Neil M. Clark.

know any Goose that lays

Jolden Egg

Somewhere there may be a lucky man who owns a goose that lays golden eggs. But we all know that most of us can't depend on such fairy-tale good fortune. We have to earn our money.

And Save It!

That's why Canada Savings Bonds have been created—because in a recent survey, *82% of those interviewed said they wanted to carry on the habit of saving they learned through buying Victory Bonds and War Savings Certificates—which will not be issued again.

Canada Savings Bonds now take their place as the most convenient way to provide yourself with a backlog of security with which to meet whatever the future holds.

But please remember this point. These are "Serve Yourself" Bonds. This time there are fewer salesmen. They will not be able to call on everyone. So it's up to you to take advantage of this fine investment opportunity—without delay.

How to Buy

You can buy them at any bank; authorized investment dealer;

stock broker; trust or loan companies for cash or by the Monthly Savings Plan. Where your employer offers a Payroll Savings Plan you can buy Canada Savings Bonds by regular deductions from your pay.

*8 out of 10 will buy again....
