DOUBLE BILL IS COMING AGAIN

"Twice Blessed' 'and "Girl of Limberlost" Coming to Capitol Theatre

"Twice Blessed," a new and swiftly paced comedy hit, and "Girl of the Limberlost," picturization of Gene Stratton Porter's beloved story of the same name, comprise an attractive double bill program for the Capitol Theatre screen Sunday midnight and Monday.

"Twice Blessed," starring Preston Foster and Gail Patrick, is the story of twins who try to bring their estranged parents together by a scheme that turns out to have many hilarious complications. One of the twins has lived with her easy-going newspaperman father and is a hepcat strictly in the groove. The other, raised by her pschyologically-minded mother, is the exact opposite. What happens when they exchange places in the effort to unite their parents makes for many laughs.

Tense, haunting drama marks "The Girl of the Limberlost," which features Ruth Nelson, Dorinda Clifton, Loren Tyndall, Gloria Holden, Ernest Cossart and Vanessa Brown. Filmed against a roaring swampland is the flaming drama of a lonely girl who fights for love and happiness such as her mother never knew. The well known novel becomes a stirring moving picture.

GAMBLING EDICT

Charles VI of France issued an edict in 1937 forbidding common people to play cards on working days.

NEW WATCH TESTING DEVICE IN RUPERT

John Bulger Ltd. have just purchased one of the new electronic watch testing machines developed by the Bell Telephone Co. of New York and made by the Western Electric Co. This is the second instrument of this kind to come to B.C., the other being in Victoria.

Designed to take the guesswork out of the watch business, it operates by amplifying the beats or ticks of a watch until they are strong enough to print a record. Each variation in performance makes a different picture on a chart, making it a simple matter to know when a watch is perfect.

It is expected this will be a great help to customers in buying a new watch as all new watches are to be tested before going out. ****122

Eczema Itching, Burning - Distress

Gets Quick Ease and Comfort

No sufferer can afford to pass up this honest offer of satisfaction or money back.

During the past 25 years thousands of bottles of Moone's Emerald Oil have been sold for just such troublesome surface skin conditions. Go to your druggist today and get a small original bottle of Emerald Oil and use as directed. You'll get relief quicker than you ever expected — aiding nature, it helps promote faster healing—stainless—greaseless.

Act today on our absolute guarantee of satisfaction or money back.

USE OF PORT OF PRINCE RUPERT IS ADVOCATED BY HON. E. T. KENNEY

TERRACE (Special to Daily News)—Speaking at a special meeting of Terrace Board of Trade Tuesday evening Hon. E. T. Kenney, minister of lands, said he felt that a subsidy should be provided for a steamship line that would operate out of the port of Prince Rupert and that Terrace should get behind Prince Rupert in this matter. Port Edward, he felt, would be an ideal site for a pulp and paper mill as every possible convenience a pulp mill could desire was to be found in the near vicinity.

Speaking with regard to the Skeena Highway, Mr. Kenney thought the best evidence of faith in this matter was the money being spent by the provincial government on the road considering the fact that the question of ownership had not yet been made clear. No petition had ever fallen on deaf ears and the minister of public works, Hon. Herbert Anscomb, was also sympathetic in this matter. The big slide was a major problem in keeping the road open.

Clears Up Some Highway Problems

Mr. Kenney was able to clear up puzzling problems which beset most laymen concerning the highway. For instance, he reminded his audience of agreements already in existence regarding the highway to Prince Rupert and the railways' rights thereto, which agreements are not readily apparent to the layman when he complains that the highway shoud be opened at once and be kept open. The ordinary man knew the highway ought to be kept clear and open to traffic but was not in a position to know of all agreements which had been made in past years.

In regard to the Kalum Lake road, it was a practical thing to clear away the trees from the right of way but a fringe of trees should be left for scenic beauty.

The minister also discussed the matter of snow removal. This year the snowfall had been heavy throughout the entire province and repairs as well as machinery to cope with the situation had been hard to secure. Increased demands had increased the usual expenditure but the demands of this district had not fallen on deaf ears. For real diplomacy in making requests Mr. Kenney congratulated the secretary, Duncan Kerr. In this matter, as well as others, he had made it a pleasure to work for the Board.

When Mr. Kenney got on to the subject of forest products with which he dealt in a highly interesting way, it was easy to see he had entered his favorite field. His address fairly bulged with facts and figures. The address presented many highly interesting facts concerning small details and also showed an appreciation of long range policy in forest management. For instance he quoted figures of wastage in lumbering operations as at present and told of his ideas which would place the forest products industries upon a basis of permanent yield.

Some time was spent by Mr. Kenney in discussing the measures being taken for the protection of forests. Prevention of forest fires was a main objective and airplanes are being being used more and more to locate fires.

Reforestation is receiving a great deal of attention and, as an experiment, fir trees are to be planted on Ferry Island here. The present stands of fir will last only 30 to 35 years longer and it seems inevitable that hemlock will in time replace fir.

A road is to be built to the Lakelse Hot Springs. Survey parties will be out soon and will commence their operations from Hatchery Landing.

Mr. Kenney felt that the fine deposits of clay in the neighborhood of Terrace would shortly be used to advantage for brick and tile.

Mr. Kenney discussed at length the land settlement through the Veterans' Land Act. By this act, B.C. is giving land outright to veterans.

Mr. Kenney was enthusiastically acclaimed as he rose to speak and heartily applauded as he concluded. He stated he was very glad to be at the meeting and appreciated the fact that membership had increased through the years. He brought up a number of matters of keen interest to the Board of Trade.

The meeting was held in the Terrace Hotel with a good gathering of members in attendance. President J. H. Smith was in the chair. Special guests for the evening, in addition to Mr. Kenney were G. P. Melrose, the deputy minister of lands, and Olof Hanson, former Liberal M. P. for the district. The meeting opened with the usual business receiving attention.

Will Robinson is to be the delegate representing the Board of Trade at a meeting of the Post War Rehabilitation and Reconstruction being held in Prince Rupert on June 2. In addition to representing the Board of Trade, Mr. Robinson also represents the local committee here.

A letter from Victoria contained a last of buildings in the Terrace military area now declared surplus by the War Assets Corporation. It is understood that the municipality, the Hospital Association and the School Board have renewed their applications for certain buildings.

Report on Prince George Meeting

O. T. Sundal, recent delegate from the Terrace Board of Trade to a regional conference of Boards of Trade held at Prince George, presented an interesting and enthusiastic report. A nine-point program had been drawn up for Boards of Trade to work on. It was suggested that a survey of industries possible in every district should be made. Tourist trade had been discussed at some length. The matter of more powerful broadcasting stations on the Pacific Coast had also been brought under discussion.

The Deputy Minister of Lands, G. P. Melrose, stated he was glad to meet his friends again and was much impressed by the assets and natural resources of the district. Since 1924, much progress had been made.

There was a discussion of preparations to be made for the meeting of the Associated Boards of Trade to be held in Terrace early in August. It appears quite definite now that delegates from the Alaska Chamber of Commerce will be present and even Senator Magnusson of the State of Washington may be a visitor.

The meeting was attended by a goodly sprinkling of ladies.

When talk turned upon the proper celebration of Dominion Day one lady proposed a May Queen as is done in some places in the province. The idea sounded good to the meeting but it was voted too late to do this in 1946.

Mr. Harry King proposed a vote of thanks to the guest speakers and the meeting adjourned at 11 p.m.

FOR SALE BY TENDER
CROWN ASSETS
Three Buildings at Charles Point, Digby Island, Prince Rupert, B.C.

WAR ASSETS CORPORATION will receive offers to purchase all or any of the Crown-owned buildings described below. The purchaser shall remove the building or buildings, fill in excavations and restore the ground to its original elevation, leaving the site in a neat and tidy condition in a manner satisfactory to an authorized representative of the Corporation.

THREE BUILDINGS—WOOD FRAME CONSTRUCTION:
Building No. 13—Other Ranks' Quarters.
Building No. 14—Officers' Quarters.
Building No. 16—Kitchen and Mess.

All areas and dimensions given are approximate.

A certified cheque or bank draft to the value of 10% of the tender price, made payable to War Assets Corporation must be forwarded with the tender in a sealed envelope plainly marked:

TENDER No. D-1-143,
FOR 3 BUILDINGS,
AT CHARLES POINT, DIGBY ISLAND,
PRINCE RUPERT, B.C.

addressed to Branch Sales Manager, WAR ASSETS CORPORATION, Box 969, Prince Rupert, B.C.

Tenders will close at 12 o'clock noon, Pacific Standard Time, JUNE 1st, 1946.

The tenderer must state the use to which the building or buildings, or materials contained therein, will be put, as this will be a determining factor in deciding the acceptance of any tender.

Tenders received after closing time cannot be considered. The highest or any tender may not necessarily be accepted. Cheques or bank drafts will be returned to unsuccessful tenderers.

The successful tenderer will, when notified of acceptance of his or her tender, be required to furnish a certified cheque or bank draft for the remaining 90% of his or her tender, and in addition, a certified cheque or bank draft for an amount equal to the estimated cost of restoring the site or sites as a guarantee that he will comply with all the terms and conditions of the tender. This cheque or bank draft guaranteeing restoration will not carry interest and will be returned upon the satisfactory completion of the terms of the tender.
