tively local matters
be allowed, as was so
tendency, to over-
most effective basis.

Former Warden of
Big House Passes

GARRISON, New York, (U)—
Lewis E. Lawes, aged 63, warden
of Sing Sing prison at Ossining,
New York, for 21 years and an
outstanding authority on prison
problems, died today at his home
here after ten days' illness. He
retired from the Sing Sing post
in July 1941.

PRICE SLASHING
POLICY SPREADS

NEWBURY, Mass. (U)—A cost-
of-living slash, which saw prices
knocked down a flat 10 per cent
here in response to President
Truman's appeal for price reduc-
tions, spread to one other com-
munity today, and plans were
under way to adopt a similar
program in other cities.
Under the local program, more
than 90 per cent of the retail
merchants agreed to reduce
prices 10 per cent in a 10-day
experiment.

Septuagenarian Is
Held in Killing

LEAMINGTON, Ont. (U)—
Russian-born John Starchuk,
aged 75, was slashed to death
with a razor in a Mersea Town-
ship cabin today and provincial
police are holding his friend,
Nick Stoin, 71, for questioning.
Stoin attempted to commit sui-
cide with the same razor.

Lumber Prices Being Increased;
Export Quotas To Be Decreased

OTTAWA (U)—Reconstruction Minister C. D. Howe announced
last night an upward revision in domestic lumber prices ranging
from 15 to 20 per cent at the consumer level in stipulated areas.
He said that a reduction in export quotas in the interior of
British Columbia and prairie lumber producing areas was being
made to help meet the present intensive demand for lumber and
as a means of accelerating Canada's housing construction pro-
gram. He said that mills in the affected regions will be "compen-
sated" to a certain extent for loss of higher export price by up-
ward revision of domestic prices.
New export reductions will mean that an export quota of
approximately 24 per cent of total production will be set for ship-
ments from British Columbia central interior and prairie provinces.

Brigs Steamships Signs With Union

Blasting Work for New \$65,000 Lindsay Garage Starts Today

Blasting on the site for a modern repair garage, automobile showrooms and service station which will be erected for Lindsay Motors Ltd. at a cost of about \$65,000 on the northeast corner of Second Avenue and First Street was begun today. According to A. D. Ritchie, the building will be ready for occupancy by August 15.

BULLETINS

JAPANESE FREED

OTTAWA — Labor Minister Humphrey Mitchell announced in the House of Commons Tuesday night that the government has removed its restrictions over the movement of Japanese in parts of Canada east of British Columbia. He said the controls were removed as from April 14. No decision is yet made as to re-locating of Japanese formerly living in British Columbia coastal areas.

ST. MICHAEL'S WIN

REGINA—Toronto St. Michael's College defeated Moose Jaw Canucks 3 to 2 here Tuesday night to capture the Canadian junior hockey championship in four straight games.

C.N.R. FINANCES

OTTAWA—Annual report of Canadian National Railways, tabled in the House of Commons yesterday, showed the publicly-owned system came out of 1946 with a deficit of \$8,961,570 compared with a profit of \$24,756,130 earned in 1940 and predicted that the outlook for 1947 was not financially bright.

The new building will occupy a frontage on Second Avenue of 114 feet and will extend on First Street to a depth of 100 feet. According to Mr. Ritchie, its truss roof will make it among the largest floor areas in the province having no supporting pillars.

Contractors for the new building are Northwest Construction Co. George Martin, partner of the construction company, arrived in the city today from Vancouver to supervise the start of the work.

The corner of the new building will be cut back in smart modern lines for a service station which will have easy approach both from Second Avenue and First Street. Corner frontage, and part of the Second Avenue side, will have 50 feet of plate glass to the show rooms and service station and garage offices.

The enterprise will be operated in addition to the present Rupert Motors Ltd. garage at the Park Avenue intersection, said Mr. Ritchie. Dodge and De Soto cars and Dodge trucks will be displayed in the new garage.

Surface of the new building will be a patent asbestos sheathing known as "flexboard," which will give it an attractive appearance matching that of the Civic Centre which occupies the eastern portion of the same block. It will be white in its original color but can be painted any desired hue.

In addition to the huge repair and servicing space in the building, there will be a 50 by 40 foot stock room, general office, private office, show room and rest rooms in the southwest corner. Four main doors, two on the First Street side and two on Second Avenue, will provide entry and exit.

At the eastern end of the building there will be a parking lot 46 feet by 100 feet, with entry off Second Avenue.

The roof trusses, which will be 114 feet long, will give about 20 feet of height inside the building. The roof will have a low pitch and will be sealed with a tar-and-gravel surface.

EXPLOSIVES IN ORANGES

Revealed How Jews Were Able to Blow Themselves Up Before Being Executed

LONDON (U)—Explosives hidden inside oranges were smuggled into a Palestine jail where two Jewish terrorists awaiting execution committed suicide during last week-end by blowing themselves up. Lord Hall, First Lord of the Admiralty, told the House of Lords today. He said that juice had been sucked from the fruit and the explosives inserted.

NEW COMBINED R.C.N. AND R.C.A.F. COLLEGE AT VICTORIA
H.M.C.S. Royal Roads, which has been reorganized to form a new combined R.C.N. and R.C.A.F. college, possesses a famed natural setting and a modern establishment. A few miles from Victoria, overlooking the waters of the Straits of Juan de Fuca, the college is centred on two main buildings, the "Castle" and the Cadet Block. Top photo shows the "Castle," once the main residence of the Dunsmuir estate on which the college is located. It contains the administrative offices, cadets' library, sick bay and officers' mess. The Cadet Block, below, completed in 1943, contains the chapel, class rooms, science laboratories, dormitories and all the necessary accommodation for the cadets.

Troops Quarrel Inside Berlin

BERLIN (U)—The Berlin Soviet newspaper reported today that Major Alexander Kitikov, Soviet commandant in Berlin, charged last night that two Red Army sergeants were "wildly beaten" by British military police, one man losing an eye. He demanded an immediate investigation.

HANDSOME MEDAL FOR FIRST CAR FROM FLORIDA TO PRINCE RUPERT

Prince Rupert is to receive some more valuable publicity this year in a manner similar to that which proved very effective last year. Al Manson, local jeweler, is again putting up a handsomely designed gold medal for long distance driving. Last year the contest was for the first motorist to drive from Halifax to Prince Rupert over an all-Canadian route. It was won by Chief Petty Officer Leslie Paige, R.C.N., and Mrs. Paige. This year the drive will be a "corner to corner" trip from Florida to Prince Rupert. The pictures show both sides of the handsome medal suspended with fine gold chains from a key symbolizing welcome and freedom in Prince Rupert. White gold fish set off the face design of the medal and sapphires and rubies are embedded in the key. It is 4693 miles from Miami to Prince Rupert via Atlanta, Memphis, St. Louis, Kansas City, Omaha, Cheyenne, Yellowstone Park, Helena, Spokane, Grand Coulee, Oroville, Penticton, Kamloops, Cache Creek, Prince George, Smithers and Terrace.

Agreement Reached for Alaska Line From Here

SEATTLE (CP)—Two maritime union agents reported yesterday that they had signed agreements with the Briggs Navigation Co. for working on a new steamship service between southeastern Alaska and Prince Rupert. It is reported that the firm, with headquarters at Ketchikan, plans to start with a single motorship which is loading in San Francisco for the trip north. Working agreements were reported by the sailors' Union of the Pacific and the Maritime Cooks' and Stewards' Union.

One-Man Anti-Inflation Fight

NEW TORONTO, Ont. (U)—Harry Silvert, president of clothing and home furnishings stores in the lakeshore communities of New Toronto and Port Credit, has knocked 10 per cent off prices on all his goods in a man-made campaign against inflation. His clerks were given substantial pay increases in past weeks.

YOUTH STRUCK BY MOTORCYCLE, LEG FRACTURED

Albert Van Pykstra, 16-year-old youth of 1122 Seventh Avenue East, is in hospital today suffering from a broken right leg, concussion and severe bruises after being struck by a motorcycle at the corner of Third Avenue and Sixth Street at 9:50 last night.

According to a police report, the youth was struck by a motorcycle driven by Mark Hill Jr. which was going west on Third Avenue. He was crossing the street at the time.

RETIREMENT OF RAIL ENGINEER

J. R. McIntyre, dean of C.N.R. locomotive engineers on this division, who first began running out of Smithers in 1914, the year the line was opened, recently retired. The occasion took the form of a get-together social, in which Mrs. McIntyre shared. Numerous friends were present, and there were presentations. Mr. McIntyre originally operated out of Prince Rupert.

No Hope of Peace Pact

Austrian Pact "Out the Window" as Far as Moscow Is Concerned

MOSCOW, (U)—American officials said today that all hope of completing an Austrian peace treaty in Moscow appeared gone and the last session of the foreign ministers' council here will probably be held by tomorrow.

While still granting the possibility of a "miracle" to break up the deadlock on key issues, informants said that the best opinion now is that an Austrian peace pact is "out the window" for the present.

Italian Students Seize University

ROME, (U)—Press dispatches reported today that Italian students had seized the University of Trieste, hoisted the Italian flag and repulsed two attempts by police to force them out. The students seized the building in protest at the removal of the rector by the Allied military government.

NEW SCHEME BY WALLACE

PARIS (U)—Henry A. Wallace today declared that Russia should get \$10,000,000,000 to \$17,000,000,000 worth of goods and services under a \$50,000,000,000 world construction program.

In return, Wallace said in an interview, the Soviet Union should be required to forego her heavy reparations demands on Germany and become a member of an international bank.

Russia, as the greatest war sufferer, would require the most aid.

Wallace repeated his criticism of America loans to Greece and Turkey.

THE WEATHER

Synopsis

Intermittent light rain is falling this morning throughout Northern British Columbia and cloudiness is increasing in the southern portion of the province with some light precipitation expected tonight. Increasing cloudiness kept temperatures higher last night with minimums throughout the southern portion of the province generally 5 to 10 degrees higher than the previous night.

Forecast

North Coast and Queen Charlottes—Overcast today, tonight and Thursday, intermittent rain or drizzle. Winds light today increasing to southerly (20 m. p.h.) Thursday. Little change in temperature. Lows tonight: Port Hardy 43, Massett 40, Prince Rupert 40. Highs Thursday: Port Hardy 52, Massett 50, Prince Rupert 50.

DEATH BREAKS RECORD

PETERBOROUGH, England (U)—Mrs. Minnie Wiggins worked at the same factory job for 60 years and never missed a day. On her way to the factory one morning she was fatally injured by a truck.
